**Compliance with:**  
**3TGs: EU 2017/821 Regulation**

**BBC Bircher Czech s.r.o.; Business unit: BBC Bircher Automation - BAM**

work in close partnership with our suppliers to ensure that components in our products are compliant with all relevant statutory provisions.

**BAM** is an European Union based company, EU 2017/821 is followed.

**BAM** is not an importer of „3TGs“.

**BAM** is a „downstream company“ from point of view of the „3TGs“.

**BAM** is an control cabinet assembler (i.e. „a service provider“), therefore does not manufacture or design any of the components used in BAM products; compliance information is therefore obtained directly from our suppliers, European Union based companies. Where we presume the current components supplied are compliant, will continue to be 3TGs compliant, unless we are informed otherwise.

**BAM** is aware of the evolving „3TGs“ requirements that are updated by EU Agencies.

**BAM** is aware of customer expectation connected to the „3TGs“ topic. Where BAM shall inform its customers as soon as information about non-conformance to the code is obtained.
